Project overview

Support the underprivileged communities in Vanuatu and by making a change in the lives of small children!

During your time on the teaching volunteer project, you will have the opportunity to work either at a preschool or a primary school teaching small kids. You may assist a qualified teacher who is running the class activities for 15-20 children 5 days a week. Also, share your enthusiasm or experience through activities in English language, sports, hygiene or arts & crafts.

This program will offer you two options, to work at either a pre-school or a primary school. Under the pre-school option, you can teach basic English phrases for kids, engage in creative activities and play activities to retain the enthusiasm of kids. Under the primary school option, you may support the in-class activities of the teacher and also teach them subjects other than English, based on the preference and the guidance of the local teachers. The afternoons after your work at the preschool will be reserved for lesson preparation activities.

Aims & Objectives

To support the education of underprivileged communities by actively taking part in teaching children and getting exposed to the traditional education system in Vanuatu.
